For being auspiciously titled "Phobias Reveled and Explained," it is neither revealing nor explanatory. All that this book does is give a very, very brief definition of many phobia names and in many cases the word origin. Phobias revealed and explained. [Richard Waters] -- Arranged into quick-reference sections, brief descriptions including word origin are provided for a variety of phobias . Phobias are irrational and disabling fears. If you have one, you'll do almost anything to avoid what you're afraid of. Someone with a phobia understands that their fear is not logical. Phobias are technically counted as an anxiety disorder, but the science of how they turn up and what makes them tick is actually more complicated than it seems. For being auspiciously titled "Phobias Reveled and Explained," it is neither revealing nor explanatory. All that this book does is give a very, very brief definition of many phobia names and in many cases the word origin.
